Do not accept any substitute for the yarn recommended for this garment. When you buy your yarn, it is best to buy the full amount at one time to avoid variations in dyelots.

Two No. 11 and two No. 9 BEEHIVE or MILWARD DISC needles, measured by BEEHIVE gauge. 3 buttons.

How to check your tension

Before you knit this design check your tension carefully.

Take a pair of No. 9 needles, cast on 14 stitches and work in stocking stitch—1 row knit; 1 row purl—for 18 rows. Cast off; press lightly on wrong side.

The tension should be 14 sts. and 18 rows over 2 in. (5 cm) and the finished square should measure 2 in. (5 cm) each way.

If the square is bigger your work is too loose; try a size finer needle. If it is smaller your work is too tight; try a size larger needle.

If you knit to the correct tension in stocking stitch, you will knit naturally to the correct tension for any stitch in this booklet.

If you alter the needles to obtain the correct tension in stocking stitch, corresponding alterations must be made to the needles throughout.
